Spraying Weeds? Don't forget OVS Cremate!

Now is the time to add OVS Cremate to your upcoming Glyphosate application. This OVS branded adjuvant has quickly become one of the best tools in the tank to help improve the efficacy of Glyphosate weed sprays.

Specially formulated to work with herbicides, it's a water conditioner, antifoaming agent, and includes material targeting waxy tissues and acids to help break down residual organic matter left by hardy weeds and grasses.

Give it try and you too will be happily surprised by how it will improve your weed sprays. OVS offers a full line of quality adjuvants to compliment your individual spray needs.

For more information visit our website or contact our Ag Supplies team at 800-653-2216.

OVS Outlet Warehouse Spotlight - Pasco, WA

Thanks to the friendly welcome that we have received from our valued customers in Eastern Washington and Oregon, last year we invested in a new larger facility centrally located off Oregon Way in Pasco. Situated between the local Cat and John Deere dealerships, our facility at 1810 Frontier Loop has already proven to be a great success.

With this additional capacity, and a vote of support from a large number of customers, we have also been able to locally grow our support staff. Now with a solid team in place (Dan Clark, Ron Benitz and Brian Kirschman) OVS continues to grow. With over 6000 sf of warehouse space and plenty of fenced yard space, we now stock a full range of chemicals, fertilizers, trellis material as well as pruning, tying and spray protection supplies. For more information, check us out on the web, or contact one of our associates who would be happy to serve you.

Dan Clark Territory Manager 509-791-0898 dan.clark@ovs.com

Ron Benitz Crop Advisor 509-832-3006 ron.benitz@ovs.com

Brian Kirschman Warehouse Sales Coordinator 509-316-6114 brian.kirschman@ovs.com

Interested in joining our OVS Pasco team or know someone who is? We currently have a new opening for an experienced Agronomist/Field Consultant. For more information, a complete job description, benefits overview, and to submit an application online visit the Career Opportunities page of our website: http://ovs.com/career-opportunities.
