

OVS CROP OIL CONCENTRATE

PENETRANT

PRINCIPAL FUNCTIONING AGENTS

Petroleum hydrocarbon, nonylphenoxy polyethoxy ethanol, oleic acid 99.57%
Constituents ineffective as spray adjuvants 43%
All ingredients are exempt from tolerance under 40 CFR 180. WA Reg. No. 997770-16002

WARNING

KEEP OUT OF REACH OF CHILDREN

Causes serious eye irritation. Keep container tightly closed. Keep only in original container. Avoid breathing dust, fume, gas, mist, vapors or spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection and face protection.

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. If eye irritation persists: Get medical advice or attention.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible

NET CONTENTS: 2 x 2.5 U.S. Gallon (2 x 9.46 L)

GENERAL INFORMATION

OVS CROP OIL CONCENTRATE is a blend of nonionic surfactant (NIS) and phytobland paraffinic oil that improves the performance of the active ingredient by increasing coverage and wetting of the target surface.

OVS CROP OIL CONCENTRATE softens epicuticular waxes and assists active ingredient penetration into the intracellular mode of action site.

OVS CROP OIL CONCENTRATE is 99% non-volatile, compatible with most crop protection products and recommended as an industry-standard oil adjuvant when the label calls for a crop oil concentrate (COC).

DIRECTIONS FOR USE

Not for aquatic use.

Follow the recommendations of the most restrictive active ingredient label.

Tank mixtures should only be applied within the label recommendations of every product in the tank mixture.

Use only if a crop oil concentrate (COC) is allowed or not excluded on the label.

Use care during periods when pesticides are more active, such as during periods of hot or humid conditions.

OVS CROP OIL CONCENTRATE does NOT contain ammonium sulfate but has been formulated to form a stable emulsion in the presence of nutrient carriers.

Do not pre-mix with pesticides, nutrients or other adjuvants before mixing with water.

If the user does not have experience with the mixture being applied, perform a jar test using the order and amounts in the mixture and perform a phytotoxicity test to ensure crop safety.

Order of addition

Prior to mixing, fill the spray tank with half of the carrier. Start the sprayer and check to make sure that all valves and gauges work

CONDITIONS OF SALE – LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

The directions on this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Oregon Vineyard Supply, (OVS) (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company.

The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Oregon Vineyard Supply's election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or 2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.

and that there is adequate tank agitation.

Maintain agitation during the entire process. Continue agitation while filling the tank with water and agitate before and during each application to ensure a uniform spray.

In general, follow the W-A-L-E-S plan when adding herbicides to a tank mix.

1. Wettable Powders (WP) then Flowables (F,DF)
2. Agitate then add anti-foaming compounds, buffers
3. Liquid and Soluble products
4. Emulsifiable concentrates (EC)
5. **OVS CROP OIL CONCENTRATE** and other adjuvants

USE RATES

APPLICATION	Amount of OVS CROP OIL CONCENTRATE per 100 gallons of solution
Crop	4-8 pints
Non crop, turf	1-4 pints

STORAGE AND DISPOSAL

Storage: Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

Disposal: Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all local, regional, national and international regulation. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.
